Springwood awarded books through Campbell's Labels for Education Program

Miss Brown's 4th grade class at Springwood School is shown holding the news books that were awarded to the school for their participation in the Labels for Education Program. By sending in over 5,000 soup labels, the school qualified for the Book Bonanza offered by Campbell's.

The school has collected and submitted Soup Labels for many years and were able to win a new mini-van for the school a few years ago. More recent selections have been microwaves and digital cameras. If you would like to help, please send your soup labels and box tops to the Fine Arts building at Springwood School in Lanett, or send them in with a student. We appreciate your support.
