### Springwood PTO – QSP Magazine Sale Provides Live Chickens to Needy Families in Other Countries

During a recent magazine sales drive, Springwood PTO partnered with QSP to provide a neat way for students to help underprivileged families in addition to helping raise funds for Springwood School. For every 3 magazines a student sold, QSP sent a live chicken (through Save the Children Organization) to a needy family in another country. These chickens will not only produce nutrient-rich eggs for the family, but can also be used to provide other income producing chickens and eggs to sell at local markets. This fundraiser raised \$3,339.60 for the Springwood School PTO.

Springwood students selling at least 3 magazines and thereby providing at least 1 chicken to a low income family are shown in the photo above.
