

SENIOR PRIVILEGES

With high faculty and administrative expectations of personal and group responsibility, seniors will be given the opportunity to earn privileges during the school year. The privileges will begin after the first 4 ½ weeks of school. Seniors will meet with the administration at the beginning of each school year to recommend and request various senior privileges.

Seniors will be expected at each grading period to have no grades below 80 and will exhibit exemplary behavior while off-campus. Seniors earning grades below 80 at each grading period or displaying irresponsible behavior will lose this privilege for individuals or the entire group. A senior will lose privileges if given a detention for excessive tardies.
